

Hospice Foundation of America's *New Fall Educational Program*

Beyond Kübler-Ross: New Perspectives on Death, Dying and Grief

Available via DVD *only*, Beginning November 10, 2011

ABOUT THE PROGRAM: *Beyond Kübler-Ross: New Perspectives on Death, Dying and Grief* explores the most current theoretical perspectives on dying, death, and grief, emphasizing areas where understandings of dying, death, and grief have been challenged and developed since the 1969 publication of Kübler-Ross' epochal work, *On Death and Dying*.

Due to popular demand, HFA's New Fall program will be available via DVD *only*, to provide host sites reliability plus flexibility and control over the time and day that they show the program. The program will be available for an entire year, and CE credits will also be available until November 10, 2012. For further program information, please visit www.hospicefoundation.org.

PROGRAM MATERIALS: Registration includes a full-length DVD, a detailed site coordinator's Manual, 35 Program Guides (with a tip & resource sheet included), access to a helpful Media Kit (to publicize the event in your area), and other useful program materials. Registration will also include one complimentary review copy of the 2011 companion book, "Beyond Kübler-Ross: New Perspectives on Dying, Death, and Grief," written by experts.
